Summary

I am a fresh graduate with a background in Computer Engineering and a strong enthusiasm for technological advancements. With certifications in programming and web development, as well as experience as a Full Stack Developer building CRM applications and e-commerce websites, I possess skills in full-stack development using HTML, CSS, JavaScript, PHP, CodeIgniter, and Laravel. I have a high sense of responsibility and always strive to deliver the best results. I am ready to apply my knowledge and skills as a Web Developer to face new challenges.

Work experience
